

## Monex Earns Bloomberg's #2 Overall Forecaster Ranking

Monex is proud to be recognized once again as a leading currency forecaster in the Bloomberg FX Forecast Accuracy Rankings for Q1 2026, achieving the **#2 spot overall**. Additionally, we achieved the #1 spot for USD/CAD, #2 spot for USD/HUF, #3 spot for USD/INR, and #4 for USD/GBP.

These accomplishments stand out amongst almost 50 financial institutions, including some of the largest banks in the world. The rankings for Q1 2026 forecasters were determined based on three key criteria: margin of error, timing, and directional accuracy.

*"In the midst of confusion and turmoil, Monex has been a light guiding our clients thus far into a very eventful year. Our ranking amongst the top forecasters globally speaks of our ability to see beyond the cloudy environment and navigate shaky waters. Hard to envision when uncertainty takes a grip of markets, but we are honored that our narrative holds and that we achieved accuracy in our thinking" – Juan Perez, Director of Trading at Monex USA*

For more than 40 years, Monex has supported tens of thousands of organizations across various industries, navigating volatile markets with our expert teams and innovative digital payment solutions. Ready to streamline your payments? Contact us today!
